

> Enduro Filling Machine

MODEL ET-9A3

Specifications:

Type: Benchtop Piston Filling Machine

Machine size: 1320 (l) x 420 (w) x 660 (h)

Volume: 50-300cc

Capacity of filling tank: 30L

Power: 110/220V

Weight: 31 Kg

MODEL ET-9A10

Specifications:

Type: Benchtop Piston Filling Machine

Machine size: 1320 (l) x 420 (w) x 700 (h)

Volume: 300-1000cc

Capacity of filling tank: 30L

Power: 110/220V

Weight: 35Kg

The ENDURO benchtop filling system is manufactured in Stainless steel and achieves a volume accuracy of ± 3 cc. This system takes the difficulty out of filling pre-made pouches and can fill your pouches fast and efficiently. The system is activated by use of an electric foot pedal and requires a compressed air connection.
