

WHERE SEEING IS NOT BELIEVING!

Puzzling World – Wānaka's Wonderful World of Weirdness!

Puzzling World is an iconic, world-unique attraction that for over 50 years has been fascinating people of all ages keen to engage in a fun, challenging and sensory experience. With so many incredible things to see and do here we suggest you allow plenty of time to enjoy your unforgettable visit to Puzzling World. You can choose either the Great Maze or the Illusion Rooms or, the best deal is to see both as a Combo.

On Arrival

Immediately, visitors are met with the famous Tumbling Towers while opposite, The Leaning Tower of Wānaka offers great photo opportunities as friends or family appear to hold, push, or rip out the tower, foundations and all!

Puzzles, Café & Themed Toilets

Walking into the Puzzle Centre where dozens of puzzles await the curious while a massive kaleidoscope ceiling looks on from above is a visual treat in itself. Grab a bite to eat or a drink from the Think Tank Café then engage the brain with many individual puzzles and two-person

brain teasers on offer. Trained staff are on hand to help out, and with a wide selection for sale in the shop you can take home some puzzling fun for later, or as a gift for someone you love/love to see confused! Even the bathrooms here are photogenic with both the Roman Loos and Puzzle Abyss toilets featuring incredible floor or wall art that seem to absorb the user within its imagery!

Illusion Rooms

If your mind is still not boggled, visiting Puzzling World's Illusion Rooms is sure to. From two brand new 'glowing' spaces that use geometric and textual trickery, a room where 168 famous faces seem to follow you, one where you appear to shrink or grow, another where objects look to glide uphill and a sun-filled gallery of incredible illusionary sculptures, these amazing rooms will certainly challenge your perceptions of reality.

Great Maze

Outside, The Great Maze encourages problem solving, exercise and fun. Puzzling World invented this format, designed to suit all ages with over-bridges and underpasses to create the world's first 3-Dimensional Maze. Don't worry, emergency exits for those with limited time, patience or energy are also included for those who need it!
