

**NEW  
HOMES**

*Traditional,  
enduring,  
functional -  
Motueka Pickets<sup>®</sup>  
are perfect for  
new or existing  
home build  
projects.*

*Standard Grade Motueka Pickets<sup>®</sup> are CCA H3.2 wet after treatment. Standard Grade pickets meet the requirements for fencing on a budget while still holding to an excellent grade specification. Once erected, leave the fence to season then finish with paint or stain to complete the project.*

- There are seven different profiles in the Motueka Pickets<sup>®</sup> range to suit all regions.
- LENGTHS: 900, 1000, 1200, 1500 and 1800mm.
- SIZE: 68 x 19mm (pencil round)
- Preservative treated for a durable long lasting picket.
- Plantation New Zealand Pine.

Blank Gothic Acorn Colonial Round Windsor Saxon

## *It's all in the finish*

Choose from our range of seven different profiles - each suited to different environments and local styles.
